We will send them to you for free with your order.

Handing Out Your Order:

When you receive the order, choose 1-2 people to count and sort, that way you can ensure accuracy. *Please notify us within 7 days if incorrect.*

TO GROUPS:

If you are handing out sticks to groups to then give to supporters, have them confirm everything is accurate and accounted for before they leave.

TO SUPPORTERS:

If you are giving sticks directly to supporters, having one central location where they can pick them up works for many groups.
